

## Reference No. C1-G3, Clarification # 1

No.	Question	Relative Clause	Answer										
1.	How we to import? Who will apply the import license? Under which company or department name?	Section VIII: General Conditions of Contract Clause 17	Please refer to GCC 17, SCC 17.1 and SCC 25.2.										
2.	Who will pay the Import License Fees and Import Duty?	Section VIII: General Conditions of Contract Clause 17	Please refer to GCC 17, SCC 17.1 and SCC 25.2.										
3.	Who will make and pay the Myanmar Custom Department Clearance and Port Clearance including stevedore charges and etc?	Section VIII: General Conditions of Contract Clause 17	Please refer to GCC 17, SCC 17.1 and SCC 25.2.										
4.	Where does the loading point place (600mm or 250mm from the top)?	Technical Specification TS-CO-08	250 mm from the top as per the technical specification TS-CO-08 as shown in figure 1. Please see amendment #1										
5.	How many case for design (only one for 538.65 kg or more)?	Technical Specification TS-CO-08 Table 5.7 Dimensions and classes of steel poles.	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%;">Bending Moment @GL(kNm)</td> <td style="width: 50%;">Horizontal Load the top (kg)</td> </tr> <tr> <td>For SP10</td> <td></td> </tr> <tr> <td>42.7</td> <td>538.65</td> </tr> <tr> <td>For SP12</td> <td></td> </tr> <tr> <td>51.6</td> <td>538.65</td> </tr> </table> <p>please see amendment #1</p>	Bending Moment @GL(kNm)	Horizontal Load the top (kg)	For SP10		42.7	538.65	For SP12		51.6	538.65
Bending Moment @GL(kNm)	Horizontal Load the top (kg)												
For SP10													
42.7	538.65												
For SP12													
51.6	538.65												
6.	What is the max top pole's deflection?	Technical Specification TS-CO-08	The max top pole's deflection is not designated.										
7.	Are the dimensions of top's diameter and bottom's diameter fixed or not?	Technical Specification TS-CO-08	As per the technical specification TS-CO-08, Table 5.7										
8.	What is the requirement in dimensions and calculating of Base of Poles?	Technical Specification TS-CO-08	As per the technical specification TS-CO-08, Clause 4.6.2										
9.	What is dimension of ground level for each type of Poles?	Technical Specification TS-CO-08	<p>As per bidding document in steel poles drawing.</p> <p>~ 1.67 m for SP10 m</p> <p>~ 2 m for SP 12 m</p>										

No.	Question	Relative Clause	Answer
10.	What is the requirement of welding connection parts and accessories?	Technical Specification TS-CO-08	Earthing Lugs , Pole cap and Hardware as per Technical Specification TS-CO-08 Clause 5.3
11.	What is the requirement of step bolts' arrangement?	Technical Specification TS-CO-08	Not required.
12.	Criterion 5.2 : Does connection type slip joint have bolts?	Technical Specification TS-CO-08 Clause 5.2 Design of the pole segment connections	Connection type shall be lap joint which does not have bolts. The minimum lap joint length should be 1.5 times the maximum inside diameter of the larger of the tubes forming the joint.
13.	Criterion 4.6.5 : What is the Standard for Elasticity test?	Technical Specification TS-CO-08 Clause 3 Normative References	ASTM standard (American Society for Testing Materials)
14.	What are pole bands? Does Bidder need to supply pole bands for each pole?	Technical Specification TS-CO-08 , Clause 5.10.1	No need to supply pole bands.
15.	Bottom and Top A/F can meet as per technical specification but thickness as per the tender are not matching, if the thickness as per Technical specifications, pole is not safe.	Technical Specification TS-CO-08	The minimum requirement dimension of steel thickness for each steel pole is 4 mm.  Please see Amendment #1.
16.	If the last three year annual sales volume is not the same each year, do I go with the lowest amount or last year amount to choose the number of lots? Can I bid for multiple lots cumulate up to the max amount of annual sale volume last three years?	Section III, Evaluation and Qualification Criteria, Clause 3 Qualification (ITB 36), 3.1.1 Requirement for all bidders, 3.1.1(i) and Schedule No.1; Total Annual Turnover	Please read details in Section III.
17.	If I JV with another company, how will this work? What would be the max amount lots I can go for?	Section III: Evaluation and Qualification Criteria Clause 3. Qualification	Please read details in Section III
18.	Bidder is the outside of the purchaser country , could we make	Section 1: Instructions to Bidders,	Please read details in ITB 19.

<b>No.</b>	<b>Question</b>	<b>Relative Clause</b>	<b>Answer</b>
	bid security from outside Bank and do not through MFTB Myanmar Bank?	Clause 19	
19.	As there are 3 system for 33kV, 11kV, and LV systems, can we know the conductor and earth cable types used for each system?	Technical Specification	This question is not concerned with the technical specification of this bidding document .The particular specification of conductor and earth cable will be described in concerned bidding document in later.
20.	Vertical span and horizontal span?	Technical Specification	This question is not concerned with the technical specification of this bidding document.It shall depend on the design of installation.
21.	Are all the poles suspension type? If it is transmission line, there must be some tension or transposition poles. Can we have more information on this?	Technical Specification	Most of poles are suspension type but both section pole and end pole are tension type. Our project intends to only distribution system.
22.	Type of Pole arms	Technical Specification	This question is not concerned with the technical specification of this bidding document .The particular specification of arms (steel parts)will be described in concerned bidding document in later.
23.	Is this bid only for Steel poles, is there any requirement for other accessories?	Technical Specification	Yes. This bid is only for Steel Pole and we have other requirements for accessories. We will notice later.
24.	If other bidders like us have sent other clarifications, can you also share to us?	Section I : Instruction to Bidders, Clause 7 Clarification of Bidding Documents	Please refer to ITB Clause 7
25.	Issuer of Bid Bond Bidder of Tender C1-G3 has been registered as a foreign company. Would like to clarify that its	Section I, Instructions to Bidders, Clause 19.	Please refer to ITB 19

<b>No.</b>	<b>Question</b>	<b>Relative Clause</b>	<b>Answer</b>
	subsidiary local (Myanmar registered) company can grant the bid security for this tender or not.		
26.	CIP (place of destination) If Bidder state CIP destination with final delivery point will duplicate the inland transportation cost, clarification on CIP (place of destination) with purchaser's country import port is acceptable or not.	Section I: Instructions to Bidders, Clause 14.7	Please refer to ITB 14
27.	Could not find the TS-GN-02 General Contractual Obligation	Technical Specification	TS-GN-02 does not include the bidding document .
28.	Consignee name As a foreign company bidder, items are to be imported to purchaser country. What should be the consignee name during importation.	Section IV, Bidding Forms	The consignee names are the Purchaser. More details will be provided to the successful bidder of each lot..
29.	Cost of Custom Duties and import taxes Provided price schedule only state with CIP and inland transportation & other services cost. Please clarify that who will be responsible for the importation, custom duties, port clearance, important duties and other taxes? (Bidder or Purchaser?)	Section VIII : General Conditions of Contract, Clause 17.	Please refer to GCC 17, SCC 17.1 and SCC 25.2.
30.	I would be glad if you share the bid documents with us.	Invitation for Bids, Clause 5	A complete set of bidding document in CD with English language may be purchased by interested eligible bidders upon the submission of a written application to the address expressed in specific procurement notice and upon payment of a non refundable fees of Myanmar kyats 100,000.
31.	How to make bid security and which bank we need to transfer bid security money? If no bank are recommended then can we	Section I : Instructions to Bidders, Clause 19	Please refer to ITB 19 and ITB Data Sheet 19.1

<b>No.</b>	<b>Question</b>	<b>Relative Clause</b>	<b>Answer</b>
	<p>endorsed the bid security by any international bank located in Myanmar? Please inform which bank can do this in favor of Bangladesh scheduled bank. Our bank is not an international bank.</p>		
32.	<p>We don't know whether we need to provide foundation or not? Please provide the detailed design of base plate and foundation drawing.</p> <p>Associations of the cross arm have more than one way, commonly using the Ttype welded, and the advanced type is plate transmission. Which type will you tend to use?</p>	<p>Technical Specification TS-CO-08</p>	<p>Please see the steel poles drawing in Technical Specification TS-CO-08 as per bidding document.</p>
